**Sweet Amendment, Adding \$80,-

Congressman from Fayette-Somerset-Greene District, Doing All in Power to Assist Those Entitled to Receive Compensation; Need Only to Write

Special to The Courier.

WASHINGTON, Jan. 21 — The amendment to the War Risk Act, known as the Sweet amendment, adds \$50,000,000 to the amount to be paid to disabled soldiers and their families during the coming year. Many ex-service men were most agreeably surprised to find their compensation check, payable money order or bank

In many cases substantial checks were not given to make up for this increase which should have been paid to them from the beginning. In other words, the War Risk Act was so amended that the compensation was increased and this increase was retroactive.

to \$90 per month; those drawing \$55 per month, received \$35, those drawing \$65, received \$100; those drawing

"I have been looking after the compensation cases of many of the boys in my district," said Congressman S. A. Kendall of Maryland, Pa., in an answer to these today, "and in a large number of cases have been able to obtain checks varying from \$500 to \$1,000, back pay, under the new amendment and a monthly compensation of almost double the original award. I am very much surprised to get letters from boys who are entitled to compensation and who are not receiving it, because they have not applied. The government is providing

ment disabled, and they should have the compensation, and further are entitled to it from the time of their disability. I will be very glad to look after the claims of the persons who are in the third district if they will write me, explaining the nature of their disability.

"Further, all boys disabled in the service are entitled to free medical attention and to vocational training, if they wish it. The law does not seem to be clear on these subjects, and for this reason, I shall give these matters my personal attention if I am requested to do so.

"The amendment also increases the scope of the government insurance, allowing certain beneficiaries who could not be named beneficiaries under the original act, and also persons who are named as beneficiaries at the time of death in the beneficiary insurance which is conferred, insur-

payable in a lump sum, because the government desires to assure to parents and other relatives a permanent monthly income to help in some small manner to compensate for the losses suffered by the deceased.

I have obtained from the director of the War Risk Bureau a number of copies of the information circular relative to compensation and insurance under the new amendment and will be very glad to send a copy to anyone writing me. Write to Representatives, Washington, D. C.

The Whole Town Turning Out.
It seems as if the whole town is
turning out for these world-beating
bargains. Before taking stock, Feb-
ruary 1st, we are determined to reduce
our \$50,000 stock of merchandise, re-
gardless of loss we must sustain.

Every department in the house is
forgetting costs and profits in order
to assure a sweeping clearance of
goods before inventory.

Thousands of items as sensational
as those in any ad out which we have
no room to advertise will be found
in the store, wherever one lot or
goods is sold out another lot equally
as good is placed on sale at the same
drastic reduction. It is the biggest
event of the kind staged in this vic-
inity and every family interested in
money saving should come to Ben-
diner's Ladies Store. As you get off

he called his

Medical Dis-

the drug stores of the United States so that the public could easily
obtain this very remarkable tonic, corrective, and blood-maker. Dr.
Pierce manufactured this "Discovery" from roots and barks—a
corrective remedy, the ingredients of which nature had put in the fields
and forests, for keeping us healthy. Few folks or families now living
have not at sometime or other used this Golden Medical Discovery
for the stomach, liver and heart. Evidence of the wonderful sale
of this medicine is recorded in the books of Dr. Pierce's Laboratory
in Buffalo, N. Y., showing that over twenty-four million bottles of
this tonic and blood remedy have been sold in this country. No
one can fight the battles of life and hold his own if his blood is
not pure. No one suffers from colds, "flu" and catarrh who has
plenty of red blood corpuscles and a good digestion. Catarrh is a
stagnation of the blood. Introduce pure red blood into the system,
and health is assured.

Dr. Pierce advises you, if you wish to avoid the many germ dis-
eases, to keep your blood in good order. You can obtain Golden
Medical Discovery in tablet or liquid form at all drug stores, or send
10c for a trial package to Dr. Pierce's Laboratory in Buffalo, N. Y.

28 IDLE HENS NOW LAY 27 EGGS A DAY

And this was in Cold Winter Weather.

Mrs. Davidson's Plan Is Simple.

"I fed a 50-cent box of Don Sung to
my flock of 28 hens that were not
laying. But they are laying now, and
average as high as 27 eggs a day and
never less than 22."—Mrs. Jennie
Davidson, Yates Center, Kansas.

Mrs. Davidson wrote this letter in
February. Figure her profit on two
dozen eggs a day from hens that
"wouldn't lay" during January and
February. We'll make you the same
offer we made her. Here it is:

Give your hens Don Sung and watch
results for one month. If you don't
find that it pays for itself and pays
you a good profit besides, simply tell
us and your money will be promptly
refunded.

Don Sung (Chinese for egg-laying)
works directly on the egg-laying or-
gan and is also a splendid tonic. It
is easily given in the feed, improves
the hen's health, makes her stronger
and more active in any weather, and
starts her laying.

Try Don Sung for 30 days and if it
doesn't get you the eggs, no matter
how cold or wet the weather, your
money will be refunded by return mail.
Get Don Sung from your druggist or
poultry remedy dealer or send 50 cents
for a package by mail prepaid. Bur-

Old Friends are True Friends

The man, who loves a dog and
a pipe, has two staunch friends
that never fail him in good luck or
in bad. They give all and ask
nothing in return. Day by day
they become nearer and dearer to
him. The man who has not a dog
and a pipe has missed two of the
greatest things this good old world
can give.

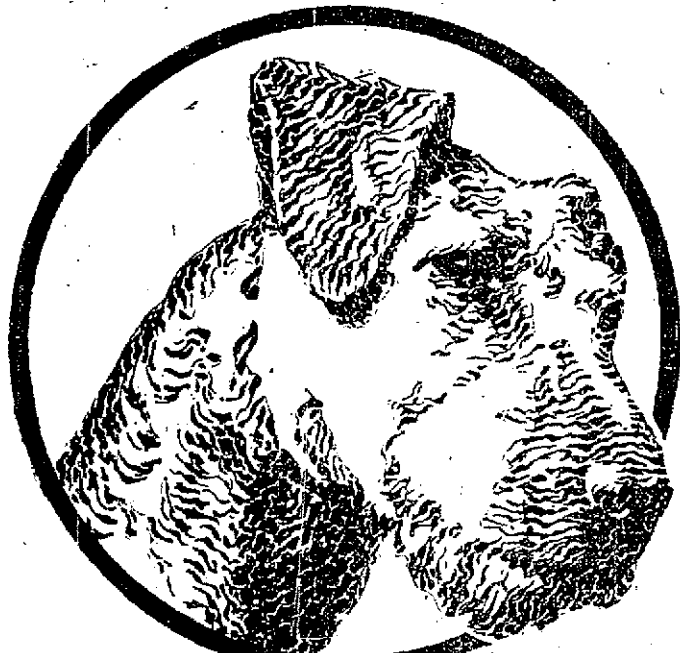

Every man who loves his pipe should
know Velvet, the one tobacco that brings
out all of a pipe's best and sweetest qualities.
Your pipe takes on an added friendliness from
Velvet's choice Kentucky leaf aged in the wood
to a mellowness that's rich and smooth as
cream.

Your pipe takes on a mild sweetness that
is Velvet's natural tobacco sweetness. And
around you hovers the real tobacco fra-
grance that all good pipe smokers
love.

Never did Velvet Joe say a
wiser, truer thing than this:

"Folks say you can't buy friend-

pipe and good old Velvet—and I
reckon no man ever had three bet-
ter friends."

URGES PEOPLE TO FIGHT CATARRH WITH SIMPLE HOME MADE REMEDY

Can Make Pint at Home and Costs Little, Says Lead-
ing Druggist of Covington, Ky., Who Has Made
Special Study of Catarrh.

Says: Inflamed Nostrils Invite Influenza

People who say that catarrh is
a disease not to be taken serious-
ly are harshly rebuked by a Ken-
tucky druggist who has for years
been much interested in the
growth of this loathsome, yet al-
together too common disease.

He claims that the sore, tender,
inflamed membrane of the nos-
trils and throat is a prolific
breeding ground for germs—not
only the germs of influenza, but
many other kinds as well.

If people would only stop ex-
perimenting for two weeks and
try a simple remedy made of
Mentholized Arcline mixed with
enough boiled water to make a
full pint, half of the catarrh in
this country would be abolished.

It's really no joke for people
who don't know about this sim-
ple remedy to be constantly sniff-
ing and snuffing, blowing and hav-
ing, when all these obnoxious
symptoms as well as the foul dis-
charge can be made to disap-
pear in a few days.

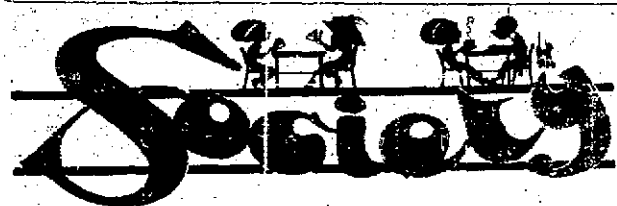

Ask for three-quarters of a
ounce of Mentholized Arcline—
that's all you need and after you
have mixed it with enough boiled
water to make a pint, gargle the
throat twice daily and snuff it
spray some up the nostrils, as di-
rected.

The tender nostrils will soo-
lose their soreness, heal up, and be
clean and healthy.

Important Reminder: Just as
soon as anyone in the family gets
a cold in the head, check it at once
with this same medicine.

FINAL FRITH LODGE

GIVES BRILLIANT DANCE
The state armory presented a scene of unusual beauty and gaiety last night when the annual reception and dance of Connellsville Lodge, No. 501, Independent Order of B'nai B'rith, was held. The affair was the largest and most brilliant social function of the season and was beautifully appointed. Marked features were the elaborate decorations and the large number of out of town guests in attendance. Over 50 couples attended. A color scheme of blue and white, the lodge colors, was effectively carried out in decorating. Adorning the walls were numerous emblems, while many Japanese lanterns enhanced the beauty of the auditorium. Streamers of blue and white completed the decorations. The beautifully gowned ladies added brilliancy to the scene. In the center of the hall was erected a dais on which was seated Kiefer's six-piece orchestra. The floor was in excellent condition for dancing and the music by the popular violinist and his capable musicians never better. Vocal solos by Miss Cohen of Coraopolis and Master Abe Braboski were pleasing features of the evening. Dainty refreshments were served. The committee, composed of Dr. Louis Shallow, William Goldstein, James Rappert, Max Rackoff, Nathan Levine, Louis Goodman, Joseph Bowtze, A. N. Greenblatt and Samuel D. Oppenheim, deserves credit for the successful management in which the dance was carried out. Not the slightest detail in looking after the entertainment of the many guests was overlooked.

Out of town guests were Miss Anna Corman, Miss Jeannette Corman, Miss Frances Elper, Miss Faber, Miss Kreiger, Miss Sarah Racusin, Miss Reba Racusin, Mr. and Mrs. Charles Pross, Miss Amy Varobitz, all of Greensburg; M. Miller, J. Dietz, A. Smith, M. Mac, B. Bluck, J. Elper, Mr. and Mrs. Henry Cohen, Jeannette, Miss Kobacker, Miss Einstein and Scottdale; Miss Cohen, Coraopolis; Miss Estelle Miller and Aaron Miller, Scottsdale; Miss Cohen, Coraopolis; Miss Jeannette Silverman, Miss Mary Goldman, Pittsburg; Miss Lurie, Sharon; A. Va.; H. Berthoff, Latrobe, and H. Silverman, Donora.

Birthdays Observed

In honor of the Birthdays of Mrs. Robert E. Grilo, Miss Josephine Towry and Miss Gertrude Lindsay, a beautifully appointed six o'clock dinner was given last evening at the West Penn tea room by office employees of the Wright-Metzler company. The many good things which help to make a real chicken dinner were served by the management. Miss Marie E. Young, a color scheme of red, with a cut glass basket of carnations centering the table, at which the honor guests were seated, was charmingly carried out. There was also a birthday cake bearing small red candles. The place cards were in the form of redbirds. In addition to the honor guests covers were laid for Miss Mayme McNulty, Miss Helen Davidson, Miss Lucille Cochran, Miss Mary Furnace, Miss Lena Rehrner and Miss Anna Fisher. A theatre party at the Soisson followed the dinner.

F. O. M. Musicians

An event of interest to music lovers of Connellsville was a musicale given in the Methodist Protestant church by the F. O. M. class, composed of men of the church. The program was well selected and every number was beautifully rendered. Deserving of special mention were piano numbers by Miss Pauline Kooser, one of the most promising young pianists of Connellsville. The manner in which she rendered her selections showed her to be a musician of rare talent. The other numbers, which included selections by an orchestra of 15 pieces, vocal and quartet numbers by the West Penn quartet, violin solos by Earl Russell, a reading by Mrs. L. S. Michael, a whistling solo by Miss Florence Love and a duet by Mrs. Loren Struble and Ray McClintock, were enjoyed by the large and appreciative audience. The musicale was under the direction of John E. Gaster and the program was one of the best presented here for some time.

Surprise Birthday Party

The Crawford Camp Fire Girls gave a delightful surprise party last night at the home of Miss Katharine Knox in Isabella road in honor of the 16th birthday of Miss Ruth Brown. A color scheme of pink and white was artistically carried out. Games and dancing were the amusement, followed by a dainty luncheon, at which covers for sixteen were laid. The table was adorned with a birthday cake, bearing sixteen pink candles.

**CONNELLSVILLE AND THE INDIAN
CREEK VALLEY.**Connellsville has never been very
demonstrative of its interest in the
Indian Creek Valley, but it has not
indicated indifference. Perhaps not so
active or so large as circumstances
and the advantages to be gained have
warranted, but such as has shown that
Connellsville may well and profitably
keep in close touch with and stand
ready at all times to join in boosting
the worthy and deserving enterprises
which are engaged in developing the
resources of the Valley.Always tributary to a commercial
sense the Valley has been steadily ac-
quiring an importance as an outpost
of the Connellsville trading and in-
dustrial district ever since the com-
pletion of the Indian Creek Valley
railroad gave this section a quicker
means of communication with the
outside world. Originally devoted to
agriculture and lumbering the Valley
has lately greatly diversified its in-
dustries, the development of its rich coal
deposits having become the one of
greatest volume and importance. The
resident population has materially in-
creased, new towns have come into
existence and its citizens and its sev-
eral industries are enjoying a measure
of prosperity unsurpassed in the history
of the Valley.All of these evidences of growth are
of meaning and value to Connellsville,
which will remain the banking and
commercial headquarters for Valley
enterprises. Recognition of these facts
should behoove Connellsville to keep
in close touch with and sympathetic
relation to everything that will add to
the advantage of the citizens of the
Valley and the interests engaged in
upbuilding its industries.Connellsville has assumed propor-
tions and has developed needs, along
all lines which make it desirable, if
not also necessary, to draw from all
contiguous sections, as well as to give
out to them of our strength and facili-
ties. No more promising field is open
for this than the Indian Creek Valley.
If we grasp the opportunities to be-
come an important and helpful factor
in this development the result cannot
be otherwise than mutual expansion
and benefit.Remarkable as has been the de-
velopment of the Valley, what has
thus far been done is little more than
a beginning. Just a hint of the oppor-
tunities for the launching of enter-
prises in the realms of agriculture,
stock and fruit raising, market gar-
dening and the development of almost
inexhaustible natural resources. In
these lines there is a great future for
the Valley and the exploitation of
them means an equally great future
for Connellsville. It does not require
a long look ahead to see the possibil-
ities of expansion for both the Valley
and Connellsville if proper encourage-
ment be given to every legitimate and
worthy undertaking, having to do with
the permanent growth of the former.When Berkmann, Goldman and other
"comrades" arrived in Connellsville,
Gorky, one of the high priestesses of
socialism, declared that "Russia, with
her arms to all who are politically
oppressed." That being the case which
branch of the Democratic party will
be the first to back the new Russian?
The "Brazilians" who have too much
reputation at the hands of the Wil-
sonians, or the "Brazilians" who have
fared from the former about all their
sensitive natures can back?The news dispatches from Newport
town at this season of the year, that
storms and rock-bombing coasts will
rival the Hun U-boats in their destruc-
tiveness of shipping.Second thoughts are very often best
and assuredly so when it comes to
memories to have been at fault when
the census takers took their life.Some people who have been saying
such nice things about the drugstore
for having minimized Sunday selling
may want to take it all back when
they see the new schedule of Sunday
prices.**Nationalization
Fails in England**

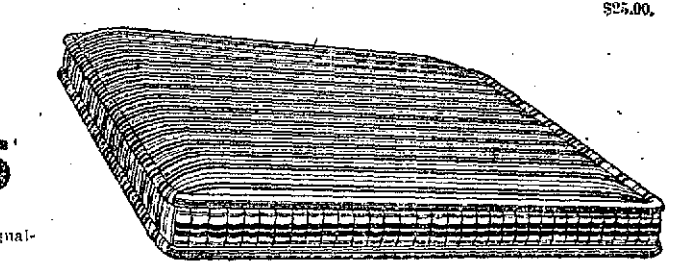

American Mining Congress Journal.

The Mining Journal, of London, de-
velops some very interesting facts re-
garding England's regular experi-
ments with the socialization of gov-
ernment control of coal mines. It is
stated that the intervention of the
British government at the behest of
labor radicals forced revolutionary
schemes upon the coal producers of
the country. There has been an abso-
lute stoppage of many mines which
might otherwise have been successful
producers since the signing of the
armistice. The net loss in coal pro-
duction since the signing of the armis-
tice has been in England has ag-
gregated fully seven years of normal
production, including, of course, the
time lost during the world war. It ispredicted that 10 years hence the re-
stricted output will still be felt
throughout all Great Britain.The Journal discusses without
gloves the peculiar failures of the Coal
Control Committee, and shows that
men selected for this great work, al-
though representative of citizens and
business men, are unable to cope with
the coal situation of England under
the new order of things; and that in-
efficiency has already so thoroughly
developed that even the Laborites are
scarcely better pleased than are the
operators. Mr. Brace, the representa-
tive of the Laborites in national mat-
ters, has published claims that the in-
expedient situation which has arisen
indicate that there exists a scheme
for discrediting nationalization
for coal mines in England; but the
Mining Journal disclaims the truth of
such charges and says the situation
is only what could be expected
under government control and
bureaucratic handling of commercial
problems.Slowly, but very certainly, the breach
between the coal operators of England
and the Government Control Commit-
tee is widening and even in Wales the
Laborites have begun a movement in
open opposition to final nationaliza-
tion, and Mr. Brace has said in Parlia-
ment that if nationalization meant the
continuation of existing conditions, he
himself would oppose nationalization
to the end.Especially enough the government
leaders have already taken advantage
of the political organization available
to them for self perpetuation, and the
Mining Journal intones no words in
stating that from the best obtainable
opinions, even the nation will not
stand for eternal coal control, and
that "the government is riding for a
fall."And His Sons Unscathed.

**I'VE BEEN DOWN TO THE BARBER
SHOP.**I've been down to the barber shop.
An' I got my hair all trimmed on top.
An' I smell as nice as my ma when she
is all fixed up for some company.
I sat in the chair that the men sit in,
An' I wore a sheet up to my chin.
An' the barber said in a real nice way,
"Well, how'd you have it trimmed
today?"I've been down to the barber shop.
An' ma she didn't have time to stop.
So she left me alone, cos she couldn't
wait.
To see that the barber cut it straight.
He rigged up a seat like a little shelf.
An' I climbed right up in the chair
myself.An' the barber said, as he got his
shears,
"Hill you have it clipped behind the
ears?"
"It looks like snow," said the barber
then.Just the way that he talks to men.
The winter's long an' the weather's
rough.
An' I feel almost like I'd had enough.
An' I talked to him in his barber chair.
Got hair in my eyes, but I didn't care.
Then he said, "Will you try my
dandruff cure?"An' showed me a bottle, an' I said,
"Sure."
He rubbed some in an' it burned a lot.
For I didn't know that the stuff was
hot.But I didn't cry—I was sittin' there.
Just like my Pa in a barber's chair.
Then I gave him the money when he
was through.
An' I got my change an' I tipped him
too.I gave him a dime for himself, becuz
I've watched my Pa an' he always
does.**Classified

SCOTSDALE WINS OVER LOCALS IN INITIAL CONTEST

Mill Town Calists Take Over Liberty Team By a Score of 125-102.

THE FIRST OF FIVE GAMES

Fans Believe Inter-city Tournaments Will Be a Success. Ruff, Decker and Long Represent the Locals; Beach, Clark and Hockenberry, the Visitors.

Scottdale won the initial pocket billiard match played between a team from that town and the Liberty team of this city at the Liberty pool rooms last night 125 to 102. The game, one of a series of five, was a complete success. Twenty-two racks were necessary to decide the winner and the playing consumed three and one-half hours.

The Liberty team was composed of Ruff, Decker and Long. Scottdale calists were Hockenberry, Beach and Clark. Clark took honors in running the highest number of balls in one frame, setting 11. Some excellent shots by Ruff and Beach brought applause and the others showed up well. Decker, at one time had a run of 11 balls.

The score follows:
Liberty team: Total balls pocketed, 117; scratches, 15; net, 102.
Scottdale: Total balls pocketed, 125; scratches, 8; net, 125.
Referee—McDowell.
Scorer—Gorman.

The Unity Fraternity basketball team will be back on the floor again tonight when the Leisoring A. A. will be played at the Scottdale. The organization is right after the seal of the visitors and a fast contest is expected. Leisoring has not yet been seen in action on a Connellsville floor, but reports are that the team is composed of some of the real talent of the coke town and surrounding vicinity.

The Connellsville and Uniontown American Legion teams will play at the armory Friday. The game will be the postponed contest which failed to materialize last Friday when the lights went off. Followers of the Legion team will find that its playing has greatly improved.

The Maccabees basketball team will not play on next Tuesday evening but will meet the Greensburg Collegiates on Wednesday night at the high school. The following weeks, however, games will come on Tuesday evenings. The Collegiates claim to have defeated everything around Greensburg and from this it might be taken they will prove strong opponents for the Maccabees. On the Greensburg line-up will be Shupe, Painter, Murdoch, E. Brown and J. Brown.

The Scottdale Y. M. C. A. Seniors will be a big attraction in this city next Tuesday evening when the team plays the Unity Fraternity. The team is

much heavier than the local aggregation. Captain Crowley, of the local club, expects his players to run circles around the heavier contenders.

Nothing has lately been heard from the proposed field meet to be held here in the spring. No public minded citizen has yet stepped forward to announce he will help "manned" in promoting the proposition, and it is certain that nothing will come of the meet if this is not done.

High school will be the mecca for basketball fans on Saturday. In the afternoon the girls will play the West Newton losers and a real contest is guaranteed. At night the Turtle Creek quartet comes here to play the varsity. The game is scheduled for the W. P. I. A. league.

Setting an example to the others on his basketball spring, Cliff Crowley, recently elected captain of the quintet, left the club early last night to go to bed. He is a firm believer in training rules, especially in getting lots of sleep.

Nothing has been heard of the Army club basketball team lately. The team was going along fine when its schedule suddenly ceased.

The Unity Frat basketball five has voted "Chris" Wagner the "best sport" in the city. He is a fan and a real booster. The boys will tell you why they are strong for him.

TARZAN AND THE JEWELS OF OPAR

EDGAR RICE BURROUGHS
AUTHOR OF
"TARZAN OF THE APES"
"SON OF TARZAN"
COPYRIGHT 1919 BY BURROUGHS

A half hour later they returned, dragging Mugambi among them. The first person the big black's eyes fell upon as he was hustled into the presence of the Abyssinian officer was M. Jules Freccott, the Frenchman who had been the guest of his master and whom he last had seen entering the village of Achmet Zek under circumstances which pointed to his familiarity and friendship for the raiders.

Between the disasters that had befallen his master and his master's house and the Frenchman, Mugambi saw a sinister relationship, which kept him from recalling to Werper's attention the identity which the latter evidently failed to recognize.

Fleeing that he was but a harmless hunter from a tribe farther south, Mugambi begged to be allowed to go upon his way; but Abdul Mourak, admiring the warrior's splendid physique, decided to take him back to Adis Abeba and present him to Menelik.

Mugambi had not the slightest doubt but that during the course of the journey he would find ample opportunity to elude the vigilance of his guards and make good his escape.

Then there came a time when he learned a very surprising thing, by accident.

The party had camped early in the afternoon of a sultry day upon the banks of a clear and beautiful stream. The bottom of the river was gravelly, there was no indication of crocodile, those menaces to promiscuous bathing in the rivers of certain portions of the dark continent, and so the Abyssinians took advantage of the opportunity to perform long-deferred and much needed ablutions.

As Werper, who, with Mugambi, had been given permission to enter the water, removed his clothing the black noted the care with which he unstayed something which circled his waist, and which he took off with his shirt, keeping the latter always around and concealing the object of his suspicious solicitude.

It was this very carelessness which attracted the black's attention to the thing, arousing a natural curiosity in the warrior's mind, and so it chanced that when the Belgian, in the nervousness of overcaution, fumbled the hidden article and dropped it, Mugambi saw it as it fell upon the ground, spilling a portion of its contents on the sand.

Now, Mugambi had been to London with his master. He was not the unsophisticated savage that his appearance proclaimed him.

The instant that the jewels of Opal rolled, scintillating, before his astonished eyes, he recognized them for what they were; but he recognized something else, too, that interested him far more deeply than the value of the stones. A thousand times he had seen the leathern pouch which dangled at his master's side when Tarzan of the Apes had, in a spirit of play and adventure, elected to return for a few hours to the primitive manners and customs of his boyhood, and surrounded by his naked warriors hunt the lion and the leopard, the buffalo and the elephant after the manner he loved best.

Werper saw that Mugambi had seen the pouch and the stones. Hastily he gathered up the precious gems and returned them to their container, while Mugambi, assuming an air of indifference, strolled down to the river for his bath.

The following morning Abdul Mourak was enraged and chafed to discover that his huge black prisoner had escaped during the night while Werper was terrified for the same reason until his trembling fingers discovered the pouch still in its place beneath his shirt, and within it the hard outlines of its contents.

CHAPTER XIII.

Tarzan Again Leads the Mangani. Achmet Zek with two of his followers had circled far to the south to intercept the flight of his deserting lieutenant, Werper. Others had spread out in various directions, so that a vast circle had been formed by them during the night, and now they were beating in toward the center.

A slight noise in the jungle upon the opposite side of the clearing brought Achmet Zek to immediate and alert attention. He gathered his rifle in readiness for instant use, at the same time motioning his followers to silence and concealment.

Presently the foliage parted and a woman's face appeared, glancing fearfully from side to side. A moment later, evidently satisfied that no immediate danger lurked before her, she stepped out into the clearing in full view of the Arab.

Achmet Zek caught his breath with a muttered exclamation of incredulity and an imprecation. The woman was the prisoner he had thought safely guarded at his camp!

Apparently she was alone, but Achmet Zek waited that he might make sure of it before seizing her. Slowly Jane Clayton started across the clearing.

Though she was almost despairing of ever reaching safety she still was determined to fight on, until death or success terminated her endeavors.

As the Arabs watched her from the safety of their concealment and Achmet Zek noted with satisfaction that she was walking directly into his clutches, another pair of eyes looked down upon the entire scene from the foliage of an adjacent tree.

Puzzled, troubled eyes they were, for all their gray savage, glint, for their owner was struggling with an intangible suggestion of the familiarity of the face and figure of the woman below him.

George Washington shaved himself

ON occasion. One of these occasions was when his faithful servant allowed his hand to slip—whereupon the General arose in his wrath and finished the job himself; for the Father of our Country was very properly fond of a good, clean shave.

And in his simple shaving kit may still be seen his equally simple razors. While their model is many hundred years old, they have never been bettered in *heft, or shearing width, or right shaving angle* on the face.

At such times when his old servant failed him, Washington would have appreciated the guarded, two edged blade of the Durham-Duplex because he would have found it nothing more than his own well-loved model *made safe*.

DURHAM-DUPLEX

A Real Razor—made Safe

Exactly the same shape and balance in the hand that uncounted generations of shavers have brought to perfection—with these extra advantages: (1) a guarded blade that can't cut your face. (2) a double-edged blade for economy's sake. (3) a detachable blade for the luxury of a fresh edge at a moment's notice.

(4) a stropable blade, so that you don't have to throw good steel away. And it's the longest, strongest, keenest, best-tempered blade on earth. Seven million shavers have found that the Durham-Duplex gives them more shaving mileage than any other safety razor. Get your Durham-Duplex today.

THE SOISSON.

"COME ALONG MARY"—A tuneful musical comedy, is a big attraction today. The scenic equipment of "Come Along Mary" is one of great beauty and leaves nothing to the imagination. Starting with the first scene at the Silver Rock Golf Club, Long Island, you are taken to the wonderful Hawaiian Islands, the lands of sunning, flowers and romance. The beautiful gardens of the Oriental hotel, with its silvery lake in the distance, the Hawaiian moon shining down upon it, the road to the beach, and the famous Waikiki bathing beach, are all scenes noted for correctness and beauty. Standing tunes ripple through the play and fun of the irresistible kind makes up the two and one half hours of real enjoyment and pleasure.

A company of some 40 people, including the famous "Broadway Chorus" will inhabit the above scenes, and present that which is heralded as one of the best of the season's musical attractions.

THE PARAMOUNT.

"THE BANDBOX"—A rattling good detective drama, with a pearl necklace as the incentive, is being shown at Doris Kenyon, the young and beautiful star, supported by a splendid cast, is seen in the role of Eleanor Seale, the heroine. The opening scenes will find the spectator as puzzled as the hero when that young man enters his cabin on the ocean liner which is to carry him back to his country, and finds that someone had sent him a bandbox containing fashionable headgear. Miss Seale is returning on the same liner and has a harbor which is the mate to the one in the hero's cabin. An actress who owns a valuable necklace and objects to paying the duty on it hides the pearls inside the lining of the hat, which is puzzling the hero, in the hopes that the officers will not search such an article when carried by a man. At the dock the two bandboxes become mixed and Eleanor gets the one containing the necklace.

THE ORPHEUM.

Of extraordinary interest, not only to lovers of the motion picture, but likewise to all who appreciate the highest art in its various manifestations, is the announcement of the Orpheum theatre that it has secured David Griffith's superb screen creation, "Broken Blossoms," to be shown at the Orpheum Monday and Tuesday of next week.

Never has a motion picture been accorded a reception comparable to the triumph that has followed every showing of this production. Newspapers have devoted column after column to its beauties and wonders. Everywhere its success has been instantaneous and it is safe to say, that in bringing "Broken Blossoms" to this city, the management of the Orpheum has to its credit the biggest accom-

Why Women Grow Old More Quickly Than Men

Greater Percentage of Anemia—Lack of Iron in the Blood—Among Women Makes Them Lose Much of Their Youth, Beauty and Former Attractiveness, And Become Fretful, Nervous and Run-down—

What Women Need Is Not Cosmetics or Stimulating Drugs But Plenty of Pure Red Blood, Rich in Iron

Physician Explains How Organic Iron—Nuxated Iron, Enriches The Blood, Strengthens The Nerves, Builds Up Physical Power and Often Makes Weak, Pale Careworn Women Look and Feel Years Younger.

Look for the woman who appears younger than a man of the same age and you will find the exception to that vast majority upon whom anemia—lack of iron in the blood—has fastened its grip and is gradually sapping the health, vitality and beauty which every woman so longs to retain. In most cases men safeguard their health better than women by eating coarser foods, being more out-of-doors and leading more active lives, thereby keeping their blood richer in iron and their bodies in better physical condition. The very moment a woman allows herself to become weak, nervous and run-down she is placing a drain upon her whole system which overtaxes the power of the blood to renew wasted tissue and keep active the natural life forces of the body. There are thousands of women who are ageing and breaking down at a time when they should be enjoying that perfect bodily health which comes from plenty of iron in the blood, simply because they are not awake to their condition. For want of iron a woman may look and feel haggard and old—run-down—while at 50 or 60 with good health and plenty of iron in her blood she may still be young, in feeling and so full of life and attractiveness as to defy detection of her real age.

But a woman cannot have beautiful red cheeks or an abundance of strength and endurance without iron, and physicians below have been asked to explain why they prescribe organic iron—Nuxated Iron—to help supply this deficiency and aid in building a race of stronger, healthier women.

Dr. James Francis Sullivan, formerly physician of Bellevue Hospital (Outdoor Dept.), New York, and the Westchester County Hospital says: "Many a woman who is run-down, easily tired out, nervous and irritable, suffers from iron deficiency and does not know it. I am convinced that there are thousands of such women who, simply by taking Nuxated Iron might readily build up their red, corpulent, increase physical energy, and get themselves into a condition to ward off the millions of diseases that are almost continually around us. I consider iron one of the foremost blood and body builders—none best to which I have ever had recourse."

Among other physicians asked for an opinion was Dr. George H. Baker, formerly Physician and Surgeon, Monmouth Memorial Hospital, New Jersey, who says: "What women need to get rid of their chronic and the springing of life into their step is not cosmetics or stimulating drugs but plenty of rich pure blood. Without it no woman can do credit to herself or to her work. Iron is one of the greatest of all strength and blood-builders, and I have found nothing in my experience so effective for helping to make strong, healthy, red-blooded women as Nuxated Iron."

Unusual Value—In Tires for Small Cars

Not only is characteristic Goodyear merit conspicuous in Goodyear Tires for small cars but ordinarily the first cost is found to be not greater than that of other tires; often it is actually less.

The combination of unusual value in first cost and very low final cost, of course, is a result of Goodyear experience, expertness and care employed as insistently in the making of 30x3, 30x3½ and 31x4-inch tires as it is in the construction of the famous Goodyear Cord Tires used on the highest-priced automobiles.

For this reason more cars using these small sizes were factory-equipped last year with Goodyear Tires than with any other kind. Get this unusual tire value to enjoy on your Ford, Chevrolet, Dort, Maxwell, or other small car, at the nearest Goodyear Service Station.
